Respected Sir/Madam,

I, Megha Verma, am writing to you with a heavy heart and in a state of deep shock to report the gruesome murder of my paternal uncle, Mr. Anil Verma, who resided adjacent to our family home.

I wish to bring the following facts to your urgent attention:

1. **Discovery of the Incident:** This morning, March 22, 2026, at approximately 8:30 AM, I went to my uncle's house to deliver his morning tea, as he lived alone. I found the front door slightly ajar, which was unusual.
2. **Crime Scene Details:** Upon entering the living room, I discovered my uncle lying on the floor in a pool of blood. He was completely unresponsive. It appeared he had sustained severe, fatal injuries to his head and chest from a sharp and heavy object. The house was entirely ransacked, with cupboards forcefully opened and belongings scattered across the floor.

3. **Immediate Action Taken:** I immediately raised an alarm, alerting my father and our neighbors. We called the emergency medical services, but upon arrival, the paramedics declared him dead at the scene.
4. **Suspicion:** While we currently do not know the identity of the assailant(s), the ransacked nature of the house suggests that the motive might have been robbery, or it could have been staged to look like one. To our knowledge, my uncle was a peaceful man who ran a local grocery store and had no known personal enmities.

Prayer: Given the severe and heinous nature of this crime, I earnestly request you to immediately register a First Information Report (FIR) against the unknown perpetrator(s) under Section 103 (Punishment for murder) and other relevant sections of the Bharatiya Nyaya Sanhita (BNS).

I request you to urgently dispatch an investigative team and forensic experts to secure the crime scene, collect evidence, and examine the CCTV footage from the cameras installed in our lane to identify and apprehend the culprits at the earliest.

Thanking you,

Yours sincerely,
